"MESMERIZING...
DETACHMENT GETS TO YOU.
IT HITS HARD."
-ROLLING STONE

Director Tony Kaye's (American History X) long-awaited film DETACHMENT stars Academy Award® winner Adrien Brody (The Pianist) as Henry Barthes, a substitute teacher who conveniently avoids any emotional connections by never staying anywhere long enough to form a bond with either his students or colleagues. A lost soul grappling with a troubled past, Henry finds himself at a public school where an apathetic student body has created a frustrated, burned-out administration. Inadvertently becoming a role model to his students, while also bonding with a runaway teen who is just as lost as he is, Henry finds that he's not alone in a life-and-death struggle to find beauty in a seemingly vicious and loveless world.
